**51 Llainlan Chalet**

Representatives of the 'Save Llanon's Historic Landmark' group were welcomed to the meeting. The Chairman advised that Councillor Dafydd Edwards had produced a design of a possible replacement for the present chalet. The new shelter would be of the same size and constructed on a sledge which would enable it to be moved further inland as the coast eroded over time. It was explained that the plans would need to be priced for the further consideration of the Council. It was stated that a sum of £1,177.98 was available in the Chalet fund and that no money had been provided in this year's budget for this purpose so any additional expenditure would have to be met from the general reserves.

The representatives of the Group indicated that their preferred option was to move and re-build the existing chalet further inland.
